

## **NYS Grown & Certified Dairy Processors, as of November 15, 2024**

Dairy Farms: There is not a specific NYS G&C certification for a dairy farm. If a farm sells to a NYS G&C processor or cooperative and participates in AEM, the National Dairy Farmers Assuring Responsible Management (FARM) program or are a Concentrated Animal Feeding Operation, it is eligible to apply for the grant. Dairy farms may also become certified and apply to NYS G&C as beef producers. The list below includes currently certified dairy processors. If a farm does not see their processor on this list, they should reach out directly to that business to learn more.

- Acorn Hill
